# Conditions of Play

## Time Sheets:

Time sheets are posted on the Notice Board 2 weeks in advance for all events other than:

CLUB CHAMPIONSHIPS, which will be by nomination, and such sheets will be placed on the Notice Board 4 weeks in advance.

In Four Ball Events where one partner is unable to play a player may select another partner, prior to the commencement of the competition, or may choose to play the event singularly. He may have a partner drawn from the field.

Any player in competition who fails to nominate on that day's Time Sheet, automatically forfeits the right of way on the course.

**ALL DRAWS FOR TIME SLOTS:** No player may play at any other time unless agreed by the Handicap and Match Committee. Should a player find it necessary to cancel from a "Draw for Partner" event the Handicap and Match Committee will arrange another partner for the remaining player, and the player having withdrawn will not be permitted to play on the day of the event. Competitors in all events will hit off not later than times set down by the Committee and varying in accordance with times on the Time Sheets.

Competitors are allowed to take refreshments at the Clubhouse provided they lose their place to following players on the tee or moving to the tee.

Visitors are welcome to play in competitions, but are ineligible to win a major or donated trophy, a club trophy will be supplied.

The Handicap and Match Committee will decide winners or arrange playoffs in all events including ties.

All handicap events will be decided by the countback method.

Please call following players through if you have lost in distance more than one clear hole in front of you or immediately if searching.

The Handicap and Match Committee reserves the right to alter or adjust the following programme if it considers that such adjustment is in the best interests of the Club.

For all **Major Events** the handicap limit is 27.

## Etiquette

1. No one should move, talk or stand close to or directly behind the ball or the tee when a player is addressing the ball or making a stroke.
2. The player who has the honour shall be allowed to play before his opponent or fellow competitor tees his ball.
3. No player shall play until the players in front are out of range.
4. In the interest of all, players should play without delay.
5. Players searching for a ball should allow other players coming up to pass them; they should signal to the player following them to pass; and should not continue their play until those players have passed and are out of range.
6. Before leaving a bunker, a player shall carefully fill up all holes made by him therein.
7. Through the green, a player should ensure that any turf cut or displaced by him is replaced at once and pressed down, and that, after the players have holed out, any damage to the putting green made by the ball or the player is repaired.

8. Players should ensure that, when dropping bags or the flagstick, no damage is done to the putting green, and that neither they nor their caddies damage the hole by standing too close to the hole or in the handling of the flagstick. The flagstick should be properly replaced in the hole before the players leave the putting green.

9. When the play of the hole has been completed players should immediately leave the putting green.

It is your duty to preserve the reputation of the Club by:

- (a) Maintaining the spirit of good fellowship between yourself and every other member.
- (b) Extending the hand of welcome to visitors.
- (c) Observing the best tradition of the game when visiting other clubs.
- (d) Becoming familiar with the Rules of the Club.
